

WEEE Collection and Recycling Arrangements in the Czech Republic

Nutanix products are sold in the Czech Republic by dealers and distributors. The dealers and distributors act as the importer of the equipment into the Czech Republic. Thus, the dealers and distributors have the legal responsibility to:

- Register as the WEEE producer in the Czech Republic.
- Provide arrangements for collection and recycling of WEEE arising from Nutanix products that the dealer and distributor sells in the Czech Republic.

Please reach out to your local dealer and distributor for WEEE collection and recycling. Should you need additional assistance from Nutanix, please create a support case at <https://portal.nutanix.com> and select WEEE as the issue type.
