

WEEE Collection and Recycling Arrangements in Latvia

Nutanix products are sold in Latvia by dealers and distributors. The dealers and distributors act as the importer of the equipment into Latvia. Thus, the dealers and distributors have the legal responsibility to:

- Register as the WEEE producer in Latvia.
- Provide arrangements for collection and recycling of WEEE arising from Nutanix products that the dealer and distributor sells in Latvia.

Please reach out to your local dealer and distributor for WEEE collection and recycling. Should you need additional assistance from Nutanix, please create a support case at <https://portal.nutanix.com> and select WEEE as the issue type.
