

WEEE Collection and Recycling Arrangements in Norway

Nutanix does not have a sales office in Norway. Instead, Nutanix products are sold in the following way:

- Via an approved Nutanix distributor in Norway; and
- Directly to business end-users in Norway from Nutanix sales offices in other Member States

Nutanix products purchased via an approved distributor

For Nutanix products purchased via a distributor in Norway, the distributor act as the importer of the equipment into Norway. Thus the distributor has the legal responsibility to provide arrangements for collection and recycling of WEEE arising from Nutanix products that the distributor sells in Norway.

Please reach out to your local dealer and distributor for WEEE collection and recycling. Should you need additional assistance from Nutanix, please create a support case at <https://portal.nutanix.com> and select WEEE as the issue type.
